Gulf Coast children, adults alike suffer from after-effects of 9-11 terrorist attacks

School children, city officials and many more in South Mississippi will gather today to remember the Sept. 11 attacks.

Although the Coast did not suffer directly from these terrorist attacks, the tragedy still lingers in the minds of the locals here.

Cindy Bowen, a Waveland business owner, said Sept. 11, 2001, definitely had an impact on her.

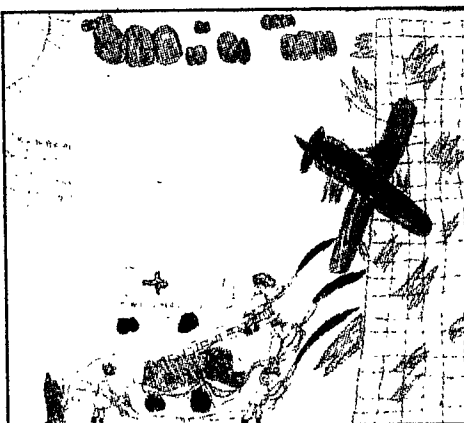

"It made me more aware of our safety," she said. "I'm upset about our military overseas because of this event. I've made many yellow ribbons."

John Brown said Americans will relive that day for many years to come.

"I don't think we'll ever recover," said the Waveland resident. "Every year on Sept. 11 those events will come back to us."

Law enforcement agencies are seeking Marrina Kaye Ladner, 18, who has been missing since late Saturday. Ladner, whose mother was the last to make contact with her via telephone at 11:45 p.m. Saturday, before she left work from the Highway 603 Subway, Kiln, according to Hancock County Sheriff Steve Garber.

Ladner, of Poplarville, is a Pearl River Community College student and member of the PRCC String of Pearls, according to Hancock Investigator Deron Cuevas.

Cuevas was the investigator on call Sunday afternoon when the Pearl River

County Sheriff's Department issued a BOLO, 'Be On Look Out' bulletin on Ladner as a missing person.

Ladner is a white female, with hazel eyes, blond hair, 105 pounds, and was wearing black pants, black shoes and a green Subway shirt when last scene. Her vehicle is a 1997 dark green Honda Accord, Mississippi license plate number 105 PRA.

Hancock County Investigator Interim Chief Kenny Hurt on Tuesday said, "All of the sheriff's department's Road Deputies, Investigators, Buffer Zone Officers, etc., have been involved in a search for Ladner. On Tuesday, Investigators Matt Barnett, who is also an investigator on the case and Deron Cuevas were involved in a helicopter search."

An elated mother, Jeneen Morel reported her daughter, Abigail Jacobson, age 9, a student at Gulfview Elementary School, was on her way to recovery following injuries received in a two-vehicle accident on Lower Bay Road near St. Ann's Church Monday afternoon.

In a telephone interview around 3:45 p.m., Wednesday, Mrs. Morel, who was driving the vehicle in which her daughter was a passenger, said, "Abigail was still in ICU at the Woman's and Child Center

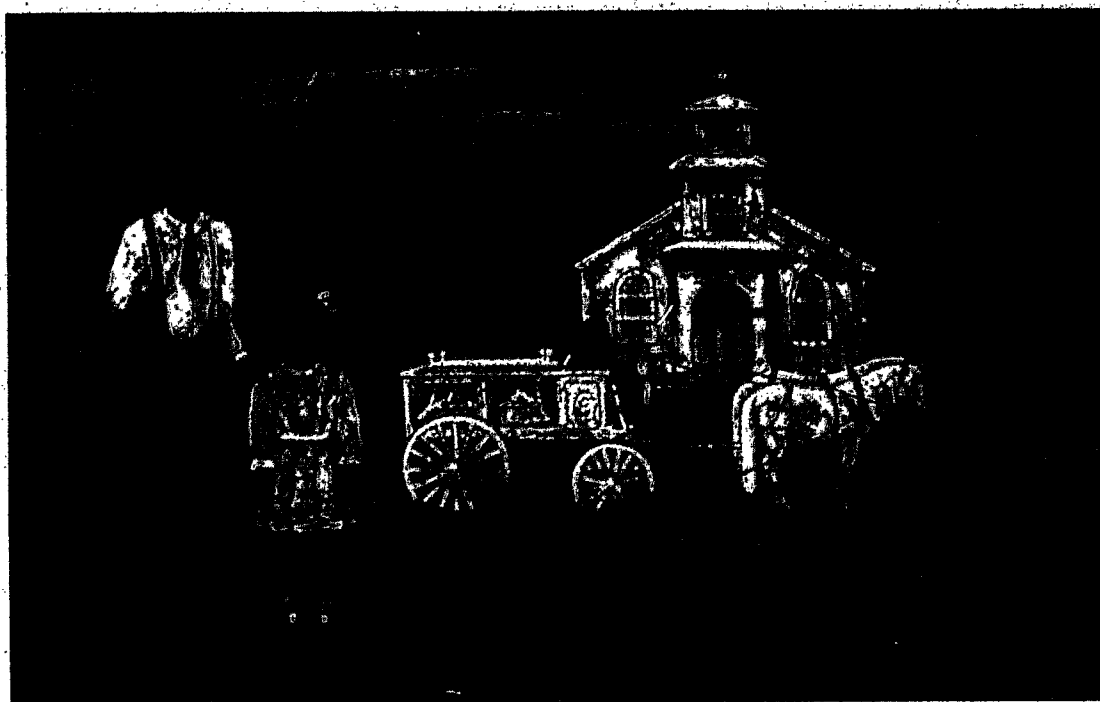

in Mobile and was taken off a respirator around 2 p.m. If things goes well, she may be moved to the fourth floor tomorrow."

Mrs. Morel and her husband, Kevin Morel have been by her side at the hospitals.

Following the accident on Monday afternoon, the young girl was taken by American Medical Response to Hancock Medical Center and then transferred by helicopter to the University of Alabama's Tram Center in Mobile, then around 2 a.m. Tuesday, was moved to the

Lori Gordon's artwork for the St. Rose de Lima Fair's 2003 commemorative poster.

St. Rose to debut new festival poster during Second Saturday

Lori Gordon is the artist for the commemorative poster. The original painting, which can be seen at Serenity Gallery on Main Street in Bay St. Louis, intertwines the life of Celestine Labat, her father, Joseph Labat, and St. Rose Church.

The poster will be offered for sale this Saturday from 5 to 7 in front of Serenity Gallery.

With each poster is a commentary by the artist and an inspiring piece by author Paul LaViolette. The original will be sold at silent auction at the St. Rose Fair, October 3, 4, 5, 2003.

Quoting Gordon, "The inspiration for this painting was my friendship with Celestine Labat of Bay St. Louis, who recently died at

the age of 104. Ms. Labat enriched my life with hours of storytelling, sharing with me her experiences of growing up Creole in the Deep South. Many of her stories centered on her family and especially her father, Joseph "Papa Joe" Labat, who built many homes and churches in the area. One of these was St. Rose de Lima, built in 1926.

"During a conversation with Celestine in 2002, I told her that I would like to do a painting for the next St. Rose church fair. This painting would feature her father and honor not only his many contributions to the church, but to the community at large. Celestine was very pleased with the idea, but I did not pursue the idea until months later, after her passing.

"I decided early on that I wanted the painting to be symbolically evocative. I wanted to celebrate the lifetime of Celestine herself and the ongoing contributions of the Labat family. I also wanted to honor the generations of parishioners at St. Rose, both those persons now living and the ones that have gone before. I did this by portraying the tree trunks as human forms, and by the casting of long human-shaped shadows on the grass. My most comprehensive act of symbolism was to make the painting luminous, to indicate that even though tragedies lay in wait and we humans must pass from this world, the future for the parishioners of St. Rose de Lima is bright and full of hope."

21st Annual International Food Festival next weekend

For the 21st consecutive year, Our Lady Academy in Bay St. Louis will host its International Food Festival nestled under the shade on the O.L.A. grounds at 220 S. Beach Boulevard. The Festival begins at 6 p.m. on Friday, Sept. 19th and continues through 6 p.m. on Sunday, Sept. 21st. The International Food Festival is known as a wonderful family event. This year will include great food, fun, craft booths and wonderful entertainment throughout the entire weekend. In addition to international foods (Italian, Oriental, Mexican, etc.), there will be funnel cakes, bloomin' onions, and

much more.

Entertainment includes MJ the DJ (6 p.m.-10 p.m. Friday, Sept. 19 and 12 p.m.-5 p.m. Saturday, Sept. 20th), Southbound (6-10 p.m. Saturday, Sept. 20th), and Keith Hoda (1-5 p.m. Sunday, Sept. 21st). All proceeds benefit Our Lady Academy. Everyone is welcome! For further information, call 467-7048, ext. 10.

Parents ask Dr. Ginger Wishik, child and adolescent psychiatrist—

"Should I be concerned that my 5 year old cries anytime I have to leave her?"

From approximately age 8 months through the preschool years, healthy children may show intense distress (anxiety) at times of separation from their parents or other persons with whom they are close. You may have a problem if this separation fear is part of a broader pattern of anxiety. Anxious children are often overly tense or uptight. Some may seek a lot of reassurance, and their worries may interfere with activities. Because anxious children may also be quiet, compliant and eager to please, their difficulties may be missed. Parents should be alert to the signs of severe anxiety so they can intervene early to prevent complications. It is important not to discount a child's fears. We're glad to send you information, or if you think your child might be suffering, call us now or anytime. We always have a counselor available to help you.

Students possibly exposed to mercury on school bus

BY GEOFF BELCHER
News Editor

According to a release issued by the Hancock County School System, yesterday, "This morning a student informed the Hancock High School Principal's Office that over a three-day period several school buses (No. 69, No. 9, and No. 35) containing Hancock Middle School and Hancock High School students were possibly exposed to an unknown quantity of mercury."

"Right now," Hancock County Emergency Management Agency Director Brian Adam said yesterday afternoon, "what we have is a small amount of mercury that was found on three of the buses. I called DEQ in and DEQ called U.S. Environmental Services out of Louisiana,

and also the EPA.

"We're going through all the schools and checking for mercury contamination ... and after that, we're going to check all the buses."

Adam said the incident apparently began because "a student had a little (mercury) in a small bottle and was playing with it."

Adam said that there was a very small amount of mercury, but officials were working together diligently to make sure children aren't inadvertently contaminated.

The Hancock Sheriff's Department, the Mississippi Regional Poison Control Center, the Emergency Management Agency, and the Department of Environmental Quality are working closely with the

Hancock County School District to identify any of these students who may have been at risk to mercury exposure, he said.

"It's been a real big team effort to get this taken care of," Adam said. "The school system's been great."

Acute exposure occurs when an individual is exposed to a high dose of mercury over a short period of time, including but not limited to when children come across mercury and decide to play with it, ingestion of mercury, or air-borne contamination from excessive mercury vapors. Symptoms of acute mercury exposure usually begin with a cough, chest tightness, trouble with breathing, and upset stomach.

"The parents of the students on buses No. 69, No.

9, and No. 35 are being notified," according to the release.

"At this time, the district is not aware of any acute mercury exposure in bus students nor does it appear that other students or faculty members are at risk for exposure. However, if a student experiences the symptoms indicated above, he or she should see the school nurse or a local physician. In addition, parents should make sure that students do not keep mercury at home as long-term mercury exposure could have detrimental health effects. If you have any questions, please contact the Emergency Management Agency at (228) 467-9226. Parents will be notified of any changes that may occur in this matter."

Former Stennis director working with NASA for quick 'return to flight'

BY BENNIE
SHALLBETTER
Staff Writer

When the STS-114 Space Shuttle mission is launched, possibly as early March 11, 2004, it will be a developmental flight as well as a test flight, said NASA's Return to Flight Planning Team during a live broadcast from the Johnson Space Center in Houston on Tuesday.

Flight Planning Team Leader Astronaut Jim Halsell of Monroe, LA., Shuttle Program Manager Billy Parsons, and NASA Associate Administrator for Space Flight William Readdy participated in the

briefing.

An emphasis on better communication, especially human communication, with a more open door policy on communicating concerns, including dissenting views, will be one of the most important changes made in the future, said the team members. Keeping the traditional "can do" attitude will also be important to future missions, they said.

Halsell said he would like slip beyond the mindset of "taking care of problems when they appear to a position of finding potential problems before they cause trouble."

Defending the shuttle program Readdy said that because NASA is still in the infancy of their knowledge of returnable space flight the program operates in a very small envelope and very narrow margins. Each mission pushes that envelope back a tiny bit at a time, he said.

New attitudes and changes in many aspects of NASA culture from the administration to the companies who contract for the Space Center will have to take place to ensure the safety of future missions, the team said.

The space station could be used as a safe haven for

future shuttle crews, with life support on board for as long as 180 days. There is also the possibility in the future of a backup shuttle craft for emergency rescues, the team said.

Locally, business should go on as usual, said Chief Engineer, VA00 Propulsion Test Directorate Shamim A. Rahman. Stennis Space Center tests not only components currently in use in the space program, but also a new generation of engines currently in their fourth year of testing. A new generation of engines typically undergoes six to ten years of testing before being implemented, Rahman said.

Suspect jailed for machine burglary

BY ELLIS C. CUEVAS

A Picayune resident was arrested Tuesday morning, in connection with the burglary of vending machines, according to Waveland Police Chief Jimmy Varnell.

Varnell said, "Derrell Tyrone Robinson, 34, 229 South Abrams, Picayune, MS., was charged with possession of burglary tools, burglary of coin operated

vending machines and malicious mischief, following his arrest Tuesday. Waveland Police received a call from Holiday Inn's clerk reporting a suspicious man was in the Sav-A-Center rear parking lot."

"The clerk gave a good description of a suspect who had broken into vending machines at Holiday Inn. Officers arrived and found the suspect, as he was being

questioned other officers went to the motel and found a damaged vending machine and one that had been pried open," Varnell's report said.

Varnell continued, "Officers recovered \$92.80 in change from the suspect's vehicle in a small ice chest. Holiday Inn officials reported damages to machines at approximately \$2,000."

Robinson was placed in

the Hancock County Criminal Justice Facility and placed under a \$15,500 bond.

He has a scheduled initial court appearance in Waveland Municipal Court on October 10, Varnell reported.

Officers involved in the arrest were; Sgt. Brent Anderson, Officers Elfren Acosta, Eddie Peterson and John Saltarelli.

Bay P.D. warns of coming car license checks at area schools

BY ELLIS C. CUEVAS
Publisher Emeritus

Bay St. Louis Police Chief Frank McNeil has issued a warning to motorists with out-of-state license plates to the effect his department will be conducting checks at Bay-area schools within a few days.

Students attending the city's school system must

reside in the county, and it is illegal for a motorist residing in the county to have out-of-state license plates on their personal vehicles, McNeil said.

He also said that officers will be checking to make sure that children are properly seated and buckled in, and placed in child safety seats when appropriate.

State law gives new residents moving to the county 30 days to acquire new license plates for their vehicles. They have 60 days to obtain a Mississippi driver's license.

McNeil said his department would have special officer details to make the license plate checks at the schools.

Football, Sept. 11 events & artwalk

High school football moves into its third week Friday with all four area teams having games scheduled.

It will be homecoming for Hancock High's Hawks as they play host to Ocean Springs.

The Hawks bounced back last week dropping Biloxi in a close game 14-10.

Carrying two victories into Friday's game will be the Bay High Tigers, who won their homecoming game last week by a 24-21 action-packed game against St. John.

This Friday, the Tigers will journey to Pearl River County for a game against Pearl River.

St. Stanislaus on Friday, will play host to the Long Beach Bearcats. The Rockachaws should rebound this week following a lost to a powerful Oak Grove.

The Pirates of Pass Christian will be trying to get into the win column this week when they journey to St. John.

This should be a good game as the Eagles, as well as the Pirates are both seeking their first win of the season.

Best of luck to the Hawks, Tigers, Rocks and Pirates on Friday night.

Our area teams need good fan support in the stands.

We hope to see you at the game Friday night.

A special ceremony will be held this morning, 9 a.m. at the walking track in front of Hancock Medical Center, to mark the second anniversary of the Sept. 11, 2001, tragedies.

Host for the special ceremony is the Clement R.

Bontemps American Legion Post 139 of Bay St. Louis.

Everyone is invited and encouraged to attend the special Sept. 11 ceremony.

The American Legion will also host refreshments at the Post Home on Green Meadow Road following the ceremony.

Sept. 11, 2001, will long be remembered, and everyone will recall what they were doing when they informed what was happening, or had happened at the World Trade Center in New York.

Just as I remember the day President Kennedy was killed and what I was doing, I will also remember Sept. 11's events until my grave.

I was in my second day of a mystery trip, not yet knowing where we were going when someone on the bus received a telephone call about the first plane to strike the twin towers.

Needless to say, a bit later, we received word that the main place we were going was shut down. We ate lunch in Lake City, Fla. We turned around after lunch and headed back to the Mississippi Coast and just like the rest of Americans, were in shock.

The lives of so many Americans families were changed by Sept. 11 and hopefully another tragedy as such will never again occur.

Do not forget the Downtown Bay St. Louis Second Saturday Artwalk, Sept. 13.

Liver entertainers will be Bo and Dee, sponsored by the Peoples Bank.

Things should be 'hopping' in downtown Bay St. Louis Saturday evening.

Thurston Little returns on 'radar screen'

Checked Corinth businessman Thurston Little — to my knowledge the state's oldest political hack, and a camp-follower of the late master politician Jim Eastland — has popped up again on the state's political radar screen.

The 70ish Thurston who did some time in the federal slammer at the end of the 1980s for bilking the government on a contract to make Army camouflage uniforms, now turns up as a benefactor of Lt. Gov. Amy Tuck in her 1999 run.

As always, where Thurston is involved, its not a simple transaction. He, it is now known, had coughed up \$20,000, as a "loan" to Tuck from one of his businesses. Tuck now alleges it went for her "living expenses" while campaigning.

But serious questions

have arisen as to the source of the Thurston's largess since not long before he made the "loan" to Tuck, records show Little had been handed \$6.4 million by insurance scam artist Marty Frankel for help in saving Frankel's bogus seven-company insurance empire.

Thurston had hired on with Frankel primarily to bring his known political skills into deal with Mississippi insurance regulators. At the time they were questioning assets of a Frankel-controlled Mississippi company.

As later events proved, two pesky Mississippi insurance regulators—Insurance Commissioner George Dale and his deputy, Lee Harrell—after meeting with a bizarre delegation sent by Frankel on April 29, 1999 triggered the downfall

of Frankel's empire. It was regarded as the biggest insurance/investment fraud of all time.

Within days, other insurance regulators nationwide joined Dale's action. A panicked Frankel fled his elaborate Greenwich, Conn. compound with a woman friend, setting off a worldwide federal manhunt that finally ended with his capture in Germany that September.

By then, regulators had discovered he looted at least \$200 million in assets of the insurance companies he controlled in five states. The largest of the seven companies, First National Life Insurance Company of America, was based in Mississippi.

Frankel is now sitting in federal custody in Connecticut, having pled to multiple federal criminal counts. A massive probe to

round up Frankel associates directed by Connecticut Asst. U.S. Attorney Mark Califano is keeping Thurston on the hook.

How Thurston in early 1999 became Frankel's "Man in Mississippi" is still unclear. However, one clue appears in "The Pretender," the excellent book by Wall Street Journal writer Ellen Pollock detailing the Frankel story.

It relates that prior to Little being brought on board by Frankel, former Lt. Gov. Brad Dye, a Jackson lawyer, and a longtime close ally of Little from Eastland days, had been representing Frankel's interests in Mississippi. (Mississippians knew him as "David Rossi," not Frankel.)

As records show, Thurston was provided \$6.4

Consolidation of services could save you tax dollars

Dear Editor:
On Monday afternoon, Sept. 6, at 5 p.m., the city of Bay St. Louis held a public meeting on the new budget.

That same day, the Sun Herald had side-by-side headlines: "Waveland budget freezes tax rate" and "Bay property tax may double."

According to the administration, the belt is tightened to the last notch, and at least a large part of the tax increase is inevitable. It should be pointed out that mandated reappraisal in the last few years has already doubled, and in many cases quintupled our taxes without any change in millage.

According to the last census figures, the combined population of Waveland and Bay St. Louis is about 16,500 people. Does it seem strange to anyone that we need two administrations, two police forces, two fire departments, duplicated utilities and maintenance, and many other duplicated services for a population that even when combined is still a very small

city? We have one tax collection agency, and it serves us well. Our combined library system does a wonderful job. Our school system could be consolidated and improved, and cost less.

Instead of blindly raising taxes, can't we begin thinking out of the box, and consider improvements that would be more efficient. I would like to make the next election a referendum on consolidation and improvement of services. Any diehard politician who wishes to protect his fiefdom at the expense of taxpayers must be weeded out.

We are presently looking at a very costly legal battle between our cities over annexation of 603, which will be added to our taxes.

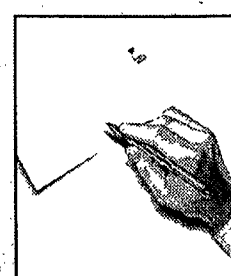

For a change, let's stop the madness, and consider the people instead of the power. Let's insist that each politician clearly state his position on consolidation of services before the next election.

Sincerely,
Paul Vegas

Thurston was provided \$6.4 million by Frankel that Little used to pay off his big financial debts and buy some property. Of course, he was also to scope out small insurance companies in Mississippi and Tennessee for Frankel to acquire.

A federal civil lawsuit pending in U.S. District Court here filed by five state regulators, charges Thurston "converted the money" for personal use (first off, he bought a Cheyenne jet).

The lawsuit also targets a host of Little family members and Little-connected businesses, seeking to recover any assets remaining from the \$6.4 million nest egg given him by Frankel, and pay the money to the seven defrauded insurance companies.

Significantly, while the federal lawsuit lists as defendants a litany of Little family members, Thurston's brother, state Sen. Travis Little, a recent convert to the Republican Party, is not one of them.

Travis Little is President Pro Tem of the state Senate. More importantly, he is Lt. Gov. Tuck's closest adviser (and, many would say, her manipulator). Travis basically ran Tuck's 1999 campaign, and was her chief campaign fundraiser.

Naturally, the question has arisen in political circles as to whether or not Travis had been the conduit for the \$20,000 "loan" to Tuck from Thurston's company, North Mississippi Rental and Supply Co., Inc.

Tuck, who only last month disclosed having received the loan after media inquiries surfaced, has said she repaid it with interest to the U.S. Bankruptcy Court in Aberdeen.

Thurston used to hang so

close to Senator Eastland years ago that some of us thought he was on Eastland's paid staff, but that was not the case.

However, the foxy old Senator was good at passing around little favors--an appointment here, a contract there, getting the IRS to ease pressure on a friend having income tax troubles, and so on.

Ties of the large political-potent Little family go back to Gov. Paul B. Johnson in the 1940s, and a Johnson close ally, Sen. Eastland, who held political sway in Mississippi for 40 years.

If Eastland showed up in Northeast Mississippi, Thurston was omnipresent as the gate-keeper to say who could get in to see Big Jim, and who couldn't. There was always the suspicion some money passed or favors rendered by those seeking Eastland's ear, but nothing stuck on Thurston.

However, with Eastland gone, Thurston got in trouble with the feds in the mid 1980s. He was caught rigging a bid on a contract he got with the help of Republican Sen. Thad Cochran to make Army camouflage clothing at his small Dixie Sportswear factory.

Indicted twice in 1986 on the Army clothing caper, Thurston pled guilty on one count, getting a 10-month prison sentence and a \$10,000 fine.

Ironically, he was in jail at the same time as his brother, Bobby Little, who got six years and was fined \$25,000 in January, 1989 for giving kickbacks on supplies to seven North Mississippi county supervisors in the FBI's "Operation Pretense."

Meantime, state Sen. Travis Little, himself a for-

mer Alcorn County supervisor before coming to the Senate 12 years ago, is making a calculated effort to distance himself from Thurston.

Since Thurston's 1999 "loan" of \$20,000 to Tuck has hit the media it may be more difficult for Travis to make his asserted schism with Thurston stick.

It's well known in Capitol circles that Travis is the puppeteer who makes Amy

Tuck dance. He'd rather not have brother Thurston spoil the music.

Bay High student chosen for National Society of High School Scholars

Heather Lynn Ladner from Bay St. Louis and a student at Bay High School has recently been selected for membership in the National Society of High School Scholars.

The society invites only those students who have superior academic achievement and are among the top scholars in the nation. The announcement was made by NSHSS honorary chair Claes Nobel, a senior member of the Nobel Prize Family.

"I congratulate Heather on this outstanding achievement and applaud the commitment to academic excellence," said Nobel. "The hard work and success of these exceptional young people will ensure a future generation dedicated to their communities and world betterment."

The National Society of High School Scholars was founded to recognize outstanding academic performance among high school students. Membership is by invitation only and includes valuable benefits for members such as scholarships,

networking, events, publications, and other unique opportunities. As members prepare for college, the Society encourages them to continue to strive for excellence in all their future endeavors.

For additional information on The National Society of High School Scholars, visit the organization's website at www.iishss.org.

Ladner is the daughter of

Mr. and Mrs. Jimmie Ladner Jr. of Bay St. Louis. She is the granddaughter of Mr. and Mrs. James Calhoun of Waveland and Jim Ladner Sr. and the late Barbara Ladner of Ansley.

Ladner is president of the senior class at Bay High School, president of the Bay High Chapter of the National Honor Society and president of the Bay High Interact Club. She is a member of S.A.D.D., DECA and the French club. She has served as a homecoming maid both her senior and junior years.

Ladner has received many awards including Interdictor of the year, Interdictor District 6840 of the year, National Math Award, National Honor Roll, Presidents Education Award, United States Achievement Academy and Who's Who Among American High School Students.

Her community involvement includes Big Tiger Little Tiger, Coastal Beach Cleanup, Gaits for Success, Special Olympics, March of Dimes and Red Cross Blood Drives.

Coast youth participate in Silver Cloud District Boy Scouts Program

A new program that focuses on the at-risk male youth in the has been implemented. This program is the Boy Scout Silver Cloud District which began a year ago.

The program is targeted toward males ages 6 through 18. Boys who live in at-risk environments such as single parent homes, parents who work several jobs and are not often home with their children, and homes where drug and alcohol abuse are prevalent, are identified and encouraged to join the Silver Cloud Boy Scout Organization.

This organization serves over 1,100 youth in the three county area. The man responsible for developing this organization and devoting a tremendous amount of time to improve the lives of young males in our commu-

nity is Gregg Magee. He serves as the District Director for Silver Cloud.

Magee recently sponsored a week long camp out at Lake Tiak in Wiggins for 46 area youth.

The boys spent the week working on various merit badges such as archery, personal fitness, and swimming.

Each of the 46 boys who participated received at least one merit badge during the week and most received two. Camp Tiak donated the camping space to the Silver Cloud District for the week long program.

On July 18, boys in the Silver Cloud District Boy Scouts association donated their time and muscle to assisting the Moore Community House in Biloxi. The Moore Community House provides community

services to low income persons such as low cost day care, clothing drives, food drives, etc.

The Boy Scout group spent the day working on the facilities of the Moore Community House and did such chores as landscaping, cleaning, and minor repair.

According to Magee, the Silver Cloud District spends at least one day a month on a community service project such as the upkeep of the Moore Community House.

He is instilling the importance of giving back to your community in the boys that he serves.

Magee said that "the boys learn so much on these projects about the necessity of helping others who may not always be able to help themselves. Living a meaningful life means giving and helping others."

ITT News

ITT Technical Institute in St. Rose has announced the graduation of Robert Fricke of Bay St. Louis from the associates degree program in Computer and Electronics Engineering Technology.

St. Louis Fire Department, agreed.

"It's Pearl Harbor all over again," he said. "Every year we'll have to see it again, but we will overcome it."

For fellow firefighters Shawn Self and Scott Stiger, Sept. 11 reminds them of the images they saw on television.

"The first thing I think about is the towers collapsing," Self said.

"I think about all those people who died for no reason," Stiger said.

Pam San Fillippo, assistant fire chief, said it was hard to believe the number of all the firefighters who died that day.

"It's a tragedy, but it's a realism we live with every day as firefighters," she said.

Regardless of occupation or age, the events of Sept. 11 has affected everyone.

In the hallways of Pass Christian Elementary School, bulletin boards display the artwork of fourth-grade students who were also touched by this event.

Some drawings possess a patriotic theme with American flags flying while others reveal the tragedy with burning buildings and crashing planes.

Fourth-grade teachers

Bay St. Louis firefighters include, from left, Shawn Self, assistant chief Pam San Fillippo, deputy chief Gary Maurice and Scott Stiger.

Ella Broome and Teneille Lamberth, along with the school's interpreter Brenda Varnado, encouraged the students to create the images they remembered about Sept. 11.

"We (believe) it is important to have our children express themselves in memory (of) our fallen heroes who risked their lives to save others," Broome said.

"Fourth-graders had an opportunity to remember and reflect on how they felt after the Sept. 11 tragedy on this second anniversary.

The students were asked to draw a picture and write their feeling on what they remembered on the day of and after this tragedy."

ways, with one of the more positive outcomes being a resurgence of patriotism. Today at 9 a.m. at the Hancock Medical Center walking track the Clement R. Bontemps Post 139 for the American Legion will emphasize that patriotism with a memorial service to honor the many who died on September 11, 2001 and to recognize the heroes who emerged from the disaster, giving their all too see us all through.

The ceremony will begin with a flag raising by the Bay High ROTC, followed by the National Anthem by the Bay Tiger Band, Pledge of Allegiance and posting of colors by American Legion Post 139 and Invocation by Father Tracy. Striking of Five's will follow by Bay St. Louis Fire Chief Robert Gavagnie and a musical

interlude by the Bay High and St. Stanislaus school bands.

Guest speaker Ret. Lt. Col. Randolph Bourgeois will continue the program followed by remarks by Bay St. Louis Councilman Bill Taylor and an introduction of local officials and dignitaries from other veterans organizations as well as a recognition of Blue Star Families.

The ceremony will conclude with a memorial prayer by Rev. Brooks and a placing of the wreath by area firemen and police officers. A rifle salute and taps will signal the end of the program followed by Benediction by post Chaplain Clyde Craig and closing music by the school bands. Refreshments will be served immediately following at Post 139.

Woman and Child Center's ICU, according to her mother.

"I just have to know the names of the two ladies, who were at the scene immediately, I know they gave me their names and one said she was a nurse, but in the excitement, I do not remember them. They were at the scene immediately and helped me so much we awaited the arrival of American Medical Response," Mrs. Morel said.

Mrs. Morel continued, "At first doctors thought they would have to drain fluid from her brain, which they did not have too. She still has very little bleeding on her brain and everything should be O.K."

"She still has a brace on her neck, and bruised lungs. At first doctors thought she had some femur damage, but further testing said no. She possibly has a fractured or broken jaw and I have been told by a relative she found some of her molar teeth in our car. Doctors may remove the brace from her neck tomorrow (Thursday) and be able to

check her jaw," Mrs. Morel said.

Mrs. Morel said her daughter was riding with her when the accident occurred. "They say the air bag apparently struck her under her chin and forced her head back into the seat. She also possibly has a hair-line fracture, or chipped vertebra too."

Mrs. Morel said doctors said her daughter is very strong and apparently has all motor skills.

Mrs. Morel emphasized, "We know we have had lots of people praying for our daughter, and we appreciate all of their prayers and kindness. Their support means so much to our family."

The investigation of the accident is being handled by the Hancock County Sheriff's office.

New UNO facility dedicated to Bay St. Louis-resident Homer Hitt

THE SEA COAST ECHO

The University of New Orleans last week dedicated its new Alumni and Visitors center to Bay St. Louis resident and former UNO faculty member Homer L. Hitt.

The University of New Orleans Homer L. Hitt Alumni and Visitors Center is a wonderful addition to the UNO campus and a symbol of remembering the past and embracing the future. The new Hitt Center provides a much needed,

long-awaited, on-campus presence for alumni and pays tribute to Homer L. Hitt, UNO's first chancellor. Dr. Hitt's vision, dedication and leadership laid the foundation for the University of New Orleans that exists today. The historic smokestack, the only remaining visual symbol of the University of New Orleans' beginnings as the former New Orleans Naval Air Station, has been incorporated into the design of the new building.

The Hitt Center houses

the International Alumni Association and the UNO Federal Credit Union. The new facility also serves as a visitors' center for the Office of Admissions, where prospective students and their parents can meet with University representatives. It is a central gathering place for alumni activities, campus organizations, and community groups.

The new facility contains 17,453 square feet. The new Credit Union facility is approximately 4,000 square feet on the first floor a

major expansion of their previous space.

It includes five offices, eight teller spaces, a drive up window, and a drive through ATM.

The Alumni Association side, which consists of 13,000 square feet, has offices for the Executive Director and the Assistant Director, as well as ample workspace for volunteers and students.

It includes a large boardroom, small conference room, a volunteer workroom, teleconference area, staff break room, and gift shop.

The entrance area of the building includes a formal lobby which is equipped

with data ports that will enable the Office of Admissions to set up informational kiosks; with computerized presentations and campus tours. The lobby will also be used as space for functions by the Alumni Association and other University groups, as well as groups from the community at large.

The second floor includes a meeting/function room with space for 200 people and a professionally equipped catering kitchen. The second floor provides access to a balcony which overlooks Lake Pontchartrain and provides additional space for functions.

Les Bon Temps Carnival Krewe kicks off season and 2004 teams

Clement R. Bontemps Unit 139 of the American Legion Auxiliary recently kicked off its annual Carnival Ball. The Purple and Green Teams will begin fund raising on September 1st for the Veterans of Mississippi.

The team that raises the most money between September 1st and October 31st will have their candidates serve as King Clement II and Queen Minerevia II. This year the Ball will be held on January 23, 2004. The theme this year will be "Celebrations" and the music will again be furnished by "Doctor Rock and the Interns". The Captain promises that this year's Ball will be even better than last year.

The Purple Team Manager is Debbie Whittle and their candidates are Helen Mallini and Randolph Bourgeois. The Green Team Manager is Carolyn Bermond and their candidates are Myrna Bourgeois and Jimmy Ladner. Each team will have three maids and dukes. The Purple Maids are Glennis Piazza, Beverly Vaughn and Taylor Iwanczyk and Dukes are Ron Daricek, Louis Whittle and Gilbert Gayaut. The Green Maids are Laverna Benigno, Pam Metzler, and Frances Graves and the Dukes are Jim Long, Denny Abney and Ernie Zimmerman.

At the recent meeting the teams selected dates for their events. The public is invited and urged to attend the many events of the next two months. The funds raised by the teams are divided 80% for the State President's Special Project which is the four VA Medical Centers and the four State Veterans Homes and the other 20% will be used by the local Unit for their many programs. Last year you helped the two teams to raise enough money to purchase a Golf Cart for the Gulfport VA Medical Center. The cart is used to take the patients from their buildings to their doctor's appointments.

The Teams will be selling

ads and tickets to the Ball. Last year the tickets were sold out by October 31st, so if you plan to attend get your tickets early. The ads for the program will also be sold by the teams. The prices are as follows: Full page \$100 - 1/2 Page \$65 - 1/6 of a page \$25, and there are also Booster Ads, 1 line ads are \$5 and 2 line ads are \$10. Advertise your business and help a worthy cause at the same time.

Some of the Teams activities are as follows: Both Teams will be selling sandwiches and deserts at the bingo.

The Purple Teams has several things planned. 2 Po-Boy Sales, a Fish fry, a Gumbo Dinner, Pancake Breakfast and a Halloween Party, Dinner and Dance. They also have several raffles, a set of gold flatware, afghans, gift baskets, and a money tree with \$100 cash.

The Green Team will have several small fund raisers but the biggest will be a \$5,000.00 Draw Down.

Both teams are soliciting ad and selling tickets to the Ball. Please support your favorite team but most of all let support the American Veterans.

Sheriff's Department with Major Randy Cook as pilot.

"We flew a large portion of the county, which included Highway's 43, 53, 603, McLeod Park and even went as far as the Poplarville High School, which the missing girl's residence is near, hoping to spot her vehicle, or her," Cuevas said Wednesday.

Hurt said he was out checking the area and even saw Ladner's father scouting the area.

On Tuesday, Hurt said the Hancock County Sheriff's Department has also issued a 'Be on Look

Out' for Marrina K. Ladner to Louisiana Law Enforcement agencies.

"We have no leads, there are lot of unanswered questions, and law enforcement agencies needs any further information on Ladner's possible whereabouts, no matter how small," Hurt said.

Anyone with information on Ladner's disappearance are asked to contact; The Hancock County Sheriff's office, (228) 467-5101, (601) 798-8555; or the Pearl River County Sheriff's Office, (601) 795-2241.

New marine science lab at Stennis to benefit students

New graduate students this fall at The University of Southern Mississippi's Department of Marine Science will be the first to benefit from a modern 17,335-square-foot laboratory building at the Stennis Space Center.

Thirty-six students seeking a master's or doctoral degree in marine science at Stennis will begin attending classes and labs in the George A. Knauer Marine Science Building following its dedication in October.

"We've come a long way from the early days when the Center for Marine Science was first established here in trailers and borrowed laboratory space," said Dr. Denis Wiesenburg, chair of the Department of Marine Science. The new facility will own the distinction of being the first building constructed solely for higher education, at the space center.

Modern labs and a multimedia-enhanced classroom will allow students and researchers to pursue pioneering research in diverse

areas of marine science. In addition to biological and geological oceanography labs, there will be specially designed marine chemistry labs with a clean room to accommodate the department's high resolution inductively coupled plasma mass spectrometer, used for analyzing trace chemicals.

"Our distinguished faculty, as well as the superior networking opportunities available through Stennis Space Center, have attracted students to our program from as close as Lucedale and as far away as Norway," Wiesenburg said.

Jens Christian Roth is an officer in the Royal Norwegian Navy who chose the Southern Miss program for its growing reputation with leading oceanographic organizations.

"The factor that brought me to the marine science program was actually that my superiors had a meeting [about it] in NATO," Roth said. "They started to discuss the possibility for me to come to the United States for a Ph.D. with people from

the Naval Research Laboratory, and they recommended USM since it was close to both the Naval Research Laboratory and the U.S. Naval Oceanographic Office."

Roth plans to share his knowledge when he returns to Norway.

"I'll be teaching physical oceanography and meteorology at the Naval Academy, working on projects, maybe as a project adviser, together with the Norwegian Institute of Marine Research, the meteorology institute and the Norwegian defense research establishment."

Another Ph.D. candidate selected the marine science program at Southern Miss for its wide-ranging work in cutting-edge disciplines.

"I chose to pursue my degree at USM because it is the only one in the world with a research emphasis in Airborne Coastal Mapping and Charting," said Jennifer Wozencraft of Lucedale, Miss., a new student in the Department of Marine Science and an

employee of the U.S. Army Corps of Engineers.

"The Ph.D. in marine science - with a focus on hydrography, airborne mapping technologies, and sensor fusion - will prepare me to advance the sensor fusion and airborne coastal mapping program of the U.S. Army Corps of Engineers," Wozencraft said.

Colleen Finnegan of Conway, S.C., began classes Aug. 18, working toward a master's degree in physical marine science.

"I decided to pursue a graduate degree in marine science because I enjoyed my undergrad experience and wanted to further my involvement and understanding of the ocean," she said.

Finnegan said the networking opportunities available at the space center swayed her decision to enter the Southern Miss marine science program.

"The location of USM's marine science department was very important to me," Finnegan said. "Because Stennis is known to have a

large amount of marine science-oriented research and opportunities available, I was drawn to it. It seemed like the ideal location to continue to work on my degree."

The Southern Miss Department of Marine Science is strategically located at Stennis Space Center in Hancock County, Miss., home to the world's largest population of oceanographers and hydrographers. The department offers both master's and doctoral degrees in marine science and a master's degree in hydrographic science.

On this solemn anniversary, we join our fellow Americans in honoring the memory of the victims and the courage of the heroes of September 11, 2001.

Coast's Mardi Gras named best festival in southeast

Mississippi's Gulf Coast Mardi Gras has been named the Festival of the Year by The Southeast Tourism Society, an association that for the past twenty years has promoted tourism to and throughout the Southeast. The prestigious *Shining Example Lantern* award honors promotional and marketing excellence as well as superior level of event production.

"With this significant recognition as Festival of the Year by the Southeast Tourism Society, it's clear

that the Mississippi Gulf Coast Mardi Gras is now a world-class event," said Bill Hardman, Jr., STS President and CEO. "We're very proud and happy to acknowledge this achievement."

This is not the first time that Mississippi's Gulf Coast Mardi Gras has been singled out as an exceptional event for the region. The American Bus Association, comprised of motor coach and tour operators, selected Mississippi Mardi Gras for its celebrated list of Top 100

Events in North America in 2002. The Southeast Tourism Society also voted the Gulf Coast's Mardi Gras as one of the top twenty events in the Southeast for the first quarter of 2003.

"Mardi Gras on the Gulf Coast has enjoyed a deep, rich 95-year tradition," Don Marie, Jr., 2003 Captain of the Gulf Coast Carnival Association. "It's a very special experience. It has always been family oriented—a way for family and friends to get together and have good, clean fun. Our

volunteers work very hard to see that everything goes off without a hitch."

Steve Richer, Executive Director of the Mississippi Gulf Coast Convention & Visitors Bureau, accepted the award at the STS annual convention in Roanoke, W. Virginia on Sunday, September 7th.

Fall enrollment at PRCC reaches record levels

Pearl River Community College officials announced last week that the 2003 fall semester enrollment is the largest in the school's 93-year history.

Through the end of registration Friday, fall enrollment is up 180 students, including some 90 full-time students, to a total of 3,923 students on both the Poplarville and Hattiesburg campuses. That's a five percent increase over fall enrollment in 2002.

I think we can attribute our growth to a number of factors," said PRCC President William Lewis. "It's been demonstrated that we live in a growth area of the state. And, our faculty and staff continue to work diligently on making known the low cost, quality educational opportunities that are available at our community college.

"We believe that word is getting out, and folks are

taking a real hard look at opportunities that are available at Pearl River Community College. I commend the PRCC faculty, staff and administrators for their outstanding efforts."

Academic Dean John Grant said that at times every classroom on both campuses is filled.

"We are out of classroom space in some places during times of the day, but we are doing what we can to accommodate all the students," said Grant. "This increase presents new challenges for our faculty and administration. More and more people are looking to increase their education and they see that Pearl River is a place to do that."

The same is true at PRCC's Forrest County Center in Hattiesburg, according to Dr. Cecil Burt, director of the center. Enrollment on the Forrest

County Center is 1,185 students, up 163, or 16 percent, over last fall.

"This is the most students we've ever had in Hattiesburg," he said. "We are having to adjust schedules and seek out additional classroom spaces to accommodate the overload. We're getting it done. It's a good problem to have."

Fall enrollment on the Forrest County Center has gone from 631 in 2000, to 689 in 2001, to 1,022 in 2002, to 1,185 in 2003.

Adam Breerwood, new dean of student affairs at PRCC, reported that all 300 dormitory rooms on the Poplarville campus are filled and that there is a waiting list for housing accommodations for male students.

"We have about 30 male students on the waiting list which is the most we've ever had on a waiting list," he said.

Breerwood, who also coaches soccer at PRCC, attributes this demand to several reasons. "The growth of our college is one thing," said

Breerwood. "Number two, the low cost, but quality housing that we provide. Economically, it's a bargain for the students."

He is not surprised that the school's enrollment continues to rise.

"The diversity of our curriculum and the quality of instruction are major factors in our enrollment increase," said Breerwood. "Our classes are much smaller than they are in the university system and that is important to these kids. Plus, it's the best economic value in higher education."

Added Lewis, "This growth in our enrollment shows that our programs are meeting the needs of an increasing number of students, both traditional and

non-traditional."

Don Welsh, director of the Poplarville Career-Technical Center, said there were still openings in some programs, including construction, technology, brick, block and stone masonry, and office systems technology. For information about these programs, call (601) 403-1241.

Chefs of the Coast cooking up some fun

The Gulf Coast Chapter of the Mississippi Restaurant Association this week announced date for its annual fundraiser, the 22nd Annual Chefs of the Coast Food & Wine Festival, being held at the Coast Coliseum Convention Center on Sunday, September 28.

The GCCMRA has fused together a group of over 50 Gulf Coast restaurants to serve you samplings of their style of cooking. Various appetizers and over 100 wines from across the world will be offered. Get lost in a delectable dessert, as you sip champagne or relax with a cup of gourmet coffee or tea. Our local lounges and beer distributors will also

provide your favorite adult beverages. The music entertainment, "No Idea" comes straight over from the Big Easy, New Orleans. You can dance your dinner off or just sit back and enjoy their upbeat style.

The famous Silent Auction will capture and entice your competitive personality into bidding on 300 plus incredible items. Several coast artists and designers will showcase their style.

But there's more!

The Food As Art competition allows the local chefs to show off their creative side and win prize money. Up to 15 chefs from coast restau-

rants will participate in this year's event that is sanctioned by the American Culinary Federation where renowned certified chefs from across the country will be judging this event.

This year's event will be bigger & better than ever - all your favorite events with new surprises planned. Come join your friends at this gala epicurean event. Expected attendance is 2,000. For general information, including where to purchase tickets, please call (228) 388-5162 ext. 9, or Email: chefs@cableone.net, or visit our website, www.chefsofthecoast.com. Reserve your table early, as seating is limited. Proper

attire is required. Must be 21 to attend.

Representing over 250 restaurants and vendors on the coast, the G.C.C.M.R.A. benefits the community by providing scholarships, aiding non-profit organizations and promoting the restaurant and hospitality industry. Thank you for supporting the Gulf Coast Restaurant Association.

Local student named to United States Achievement Academy

THE SEA COAST ECHO
The United States Achievement Academy announced today that Lee Gagnon from Perkinston, MS has been named a United States National Award winner in Honor Roll and Science.

This award is a prestigious honor very few students can ever hope to attain.

In fact, the Academy recognized fewer than 10% of all American high school students.

Lee Gagnon, who attends Hancock Middle School, was nominated for this national award by Ms. Rodrigue, a teacher at the school.

Lee Gagnon will appear in the United States Achievement Academy Official Yearbook, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly, United States Achievement Academy winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy select USAA winners upon the exclusive recommendation

of teachers, coaches, counselors, and other qualified sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Lee Gagnon is the son of Daniel and Theresa Gagnon from Perkinston, MS. The grandparents are Shirley and Leonard Morse of Perkinston, MS.

Abbey Road Athletic Club benefits Hope Haven Children's Shelter

THE SEA COAST ECHO Abbey Road Athletic Club, a nonprofit member-owned, member-run tennis facility, offers support for Hope Haven Children's Shelter.

Abbey Road Athletic Club is a non-profit corporation that continually opens their facility to the local communities in Harrison and Hancock Counties.

They host benefit tournaments annually for Coast Episcopal School, St. Rose de Lima, and the Pass Christian Court Club (the high school tennis team booster club). As a commu-

nity-oriented organization interested in supporting and helping children, Abbey Road Athletic Club was successful in their first Annual Charity Tennis Tournament in support of youth, with all proceeds going to Hope Haven Children's Shelter.

Hope Haven Children's Shelter is a non-profit organization located in Bay St. Louis that services the entire Gulf Coast as well as the state of Mississippi. The shelter opened in 1996 and in that time they have cared for over 1,500 local children. The shelter provides all of their needs including school

supplies, food, clothing, medical and psychological services and recreation.

After learning that Hope Haven is in need of operating funds, Abbey Road Athletic Club made a generous decision to help support Hope Haven's fund raising efforts. The club will donate all proceeds from the tennis tournament to Hope Haven in hopes of continuing this much needed shelter for abused and neglected children.

The tournament was a success with nearly 100 entrants and many local sponsors.

Spotlight On Dining 2003

Attention Restaurant Owners...

Advertising is an investment in the success of your restaurant. Every restaurant has competition, either within the town, or nearby city. Your potential customers are being courted by your competitors. If you do not invite those customers to do business with you, they are likely to forget you and dine elsewhere. It is not uncommon for consumers to switch their dining habits from one restaurant to another. Advertising helps to keep old customers and equally as important, make new ones.

Our community is constantly growing which means that potential customers are moving into the market area all the time. Advertising gives these newcomers a reason to visit your restaurant.

Most businesses budget for their advertising expenses just as they do for other necessities such as rent, phones, etc. Smart business people realize that advertising is imperative to keep their business growing.

Another reason to advertise is that advertising is news! You profit by telling our readers what is new in your restaurant. Through advertising, you can let a wide audience know what specials you are offering, perhaps what entertainment you may have and the character of your restaurant.

If you have something to sell, then you have something to advertise. When you have nothing to advertise, you are out of business. Advertising is designed to build your business and works best when it is repeated regularly. Consistent advertising pays off!

Now that you know some of the reasons to advertise, you're probably wondering how you can advertise most effectively. Surveys show that ads in local newspapers have more impact than in any other medium. The Sea Coast Echo goes into the majority of the homes in Hancock County. The Sea Coast Echo is full of interesting reading, it is a

part of our community. People like to read about people and The Sea Coast Echo is full of pictures and stories about local people. The most important reason to advertise in The Sea Coast Echo is that our readers are your customers.

If you're looking for the best advertising value for your money, then you should contact the advertising department at The Sea Coast Echo. One of our advertising representatives will be happy to discuss the many advertising options offered by The Sea Coast Echo. For more information you may call 467-5474, Monday through Friday 8 a.m. to 5 p.m., or stop by our office at 124 Court Street, Bay St. Louis.

Since 1892, The Sea Coast Echo is proud to be a part of your community.

Plant Minimus for a street of gold

SOUTHERN GARDENING
BY NORMAN WINTER
MSU Horticulturist
Central Mississippi
Research & Extension
Center

Earlier this summer I had the opportunity to see a planting of a Japanese sweet flag variety that absolutely mesmerized me. I shot photo-after photo and never captured its beauty to my satisfaction.

I kept wondering, "Why didn't I think of that?" The planting is simple, magical-looking and really easy for all of us to duplicate. The setting was a woodland garden under tall pines with a few hardwoods. Beneath the trees were French hydrangeas with their large, mop-shaped flowers in a most striking blue. Intertwined through the area and around the hydrangeas was a super dwarf variety of Japanese sweet flag called Minimus aureus, which means miniature gold.

Most of us would never consider a ground cover of Japanese sweet flag as a companion for blue hydrangeas, but I promise the look is exceptional.

The Minimus aureus only gets around 3 inches tall before gently curving back toward the ground. What makes it extraordinary in this setting is that its leaves are a brilliant chartreuse gold. So picture the large blue hydrangeas laying forward on the golden grass, a perfect complement.

As the sun would occasionally send a ray or two through the trees to hit the hydrangeas and the grass, it almost looked like royal blue along a street of gold.

Japanese sweet flag is usually sold in abundance in the fall, thanks to the Proven Winners Fall Magic line of plants. Sweet flag is known botanically as *Acorus gramineus*. It is actually in the lily family.

Wet feet will not be a challenge for the dwarf sweet flag. It tolerates excess moisture and thrives near water features, but it is resilient enough to be grown in upland garden soil, too. Dwarf sweet flag is grown for its striking variegated, grass-like foliage that lights up a bubbling brook, garden or a large mixed container. Solid green selections are also

Quarter Moon Gallery will be exhibiting new works by painter Donald Vaughn through November 5th in a show titled, "Homecoming." The opening reception will take place during the 2nd Saturday Artwalk in Old Town Bay St. Louis from 5-8pm the evening of September 13th.

Vaughn, an award-winning artist, is relocating to his native South after residing in California for several years. The current series of paintings reflects his transition from one coast to another in his

distinctive "photo-surrealism" style.

Vaughn explains, "Photo-surrealism is a term sometimes applied to manipulated photographs but it fits my own work perfectly. My paintings are tendered in a style that at times simulates photography, but they all have elements that shift the viewer away from the ordinary. What I try to do is to take the everyday reality that surrounds us all and exaggerate it until visual facts become fiction".

Vaughn began painting during his

Try kayak fishing for a new twist

The improved weather conditions and full moon have really turned the fishing on this past week. Good numbers of trout are being caught all around the Louisiana Marshes including Half Moon and Lil, Grassy, additionally Heron Bay has produced well for some anglers as of late.

The high water conditions have not abated much over the past week and the redfish remain so far into the grass you need either a weed eater or a kayak to get to them. My crew and I opted to use the kayaks this past week, as I am not big on lawn care. We found the reds feeding early in the morning over the mud flats in water less than a foot deep.

I cannot say enough about fishing from the kayaks. I have been fishing all my life and just started kayak fishing earlier this year at the prompting of a friend. There is nothing like it! It reminds me more of hunting than of fishing, the way you can stalk fish and then make the perfect bait presentation is much different than the type of fishing many of us grew up

THE SEA COAST ECHO
FISHING REPORTby Capt. Mike Thompson
www.shorethingcharters.com

doing.

The independence that even a novice angler will sense when he/she stalks and lands their first fish in a kayak is unparalleled. I feel the biggest advantage to kayak fishing is the waters that you can fish. Areas that before were to shallow or narrow to even think about venturing into with a center console are now easily accessible.

The amount of life that exists on these shallow flats is also pretty incredible. During the process of stalking redfish you will also encounter many other species including black drum and speckled trout. If you have a small sense of adventure or just want to try something new to spice up your fishing excursions then kayak fishing is definitely worth looking into. Just try it once and you are sure to become a regular.

The speckled trout bite is

hot and will only get hotter as the fish continue to get into their fall pattern. The trout seem to be rather spread out over this past week as no one location produced consistently for me over the past several trips.

Covering a lot of water seems to be the order of the day when searching for the trout lately. So many times I see anglers sitting on a spot just soaking bait waiting on a bite. It is often much better to fish by the ten minute rule, give the "spot" ten minutes or so to produce and then move on if it doesn't.

Oftentimes it is not necessary to anchor up on a spot when doing this, but rather to make a drift over or near the location you want to fish. By doing this you allow yourself the ability to cover that much more ground and don't have the back pain associated with lowering and heaving an

anchor every ten minutes. When searching for fish I like to have anglers aboard my boat use different baits. The general spread is live shrimp under a popping cork, H&H cocahoe under a popping cork, and H&H cocahoe bounced off of the bottom. This allows us to really cover both the water column and different bait selections to see where the fish are and what they are hitting on.

With the trout holding out like they are it is important to remember to stay on the move and change baits and tactics as often as is necessary.

Until next week be safe and please remember to be courteous to your fellow fishermen.

Bay Tigers off to 2-0 start; Lewis & Bolden honored

BY JOSEPH W. GEX II
Staff Writer

The Bay High Tigers are off to a 2-0 start on the young season while the Hancock Hawks evened their record at 1-1 last Friday. The St. Stanislaus Rock-a-chaws dropped their game with the #4-ranked Oak Grove Warriors and the Pass High Pirates remained winless at 0-2.

The Bay High Tigers are off to a 2-0 start with their 24-21 Homecoming win over the St. John Eagles (0-2) on Friday. The Tigers were led by Zack Perry's passing and Trevor Adam's heads up play recovering two Eagles' fumbles. Perry threw for 273 yards on 19-of-29 passes and 3 touchdowns. Adam recovered two fumbles in the fourth quarter for the Tigers.

Lorenzo Lewis had 8 catches for 145 yards and two scores while Jovan Williams had four catches for 42 yards and the winning score. The Tigers had to come from behind twice in the fourth quarter to claim the win.

This week the Tigers will take their unblemished record on the road to Carriere to play the Pearl River Central Blue Devils. Last week the Blue Devils defeated Purvis 28-21. Kickoff for the game will be at 7pm which is one-half

hour earlier than normal high school games. Don't be late!

The Hancock Hawks (1-1) scaped the Biloxi Indians (0-1) 14-10 in Kiln last Friday to gain their first win of the 2003 season. Robert Domke played just defense this week after injuring himself last week. Junior Jeremy Thomas took the snaps for the Hawks in his absence from the offense.

Thomas threw for 130 yards and a score in his debut as the starter. The Hawks struck first with Thomas finding David Brown for a 30-yard score following an Indian turnover in the early part of the second quarter. The other score was a 9-yard run by Eddie Bledsoe in the third quarter. Defensively, the Hawks were led by Charles Bolden who totaled 14 tackles and a forced fumble.

Hancock will play host to the Ocean Springs Greyhounds in Kiln on Friday, September 12. Last week the Greyhounds defeated De La Salle of New Orleans 21-6. The game will be Hancock's Homecoming and will be surrounded by all the festivities. Kickoff is set for 7:30pm.

The St. Stanislaus Rock-a-chaws (1-1) took one on

the chin from Class 5A power and #4-ranked Oak Grove Warriors (2-0) 30-0 on Friday night. The Warriors were everything they were billed to be. All-State and Dandy Dozen pick RB/LB Garry Pack rushed the ball 6 times for 137 yards and four scores. Senior QB Kyle Sellers was stellar calling the plays and slicing the Rock defense.

Rob Smith led the ground attack for the Rocks with 77 yards on 18 carries while Mike Cure had 7 catches for 75 yards. Defensively, the Rocks were led by Jordan Ellis with 11 tackles followed by Lee Klein with 10 total hits.

This week the Rocks will host the 5A Long Beach Bearcats and their passing attack led by Pat Ferrell. Ferrell is one of the top rated quarterbacks in the state. The Long Beach defense is anchored by Dandy Dozen DE Xavier Mitchell. The Rocks will have their hands full as they try for their second win of 2003. Kickoff is set for 7:30pm 'in between the walls' at the Brother Philip Memorial Athletic Complex.

The Pass Christian Pirates (0-2) were defeated by the Long Beach Bearcats 41-14 last Friday. The Bearcats jumped on the Pirates on the very first play from scrimmage. A

Bearcat defender picked up the dropped lateral on the first play and returned it for a touchdown.

The Pirates scored their first touchdown on a Tony Henderson 3-yard run in the third quarter followed by a 5-yard pass from Ryan Davis to Aaron Saucier in the fourth quarter. Jared Bowser led the Pirates on defense with 10 tackles.

This week the Pirates will travel to Milner Stadium in Gulfport to do battle with the St. John Eagles. Both teams are 0-2 on the season so one team will have a win at the end of the game. Kickoff is set for 7:30pm.

The Offensive Player of the Week for Week #2 is Bay High's Lorenzo Lewis who had 8 catches for 145 yards and two scores in their 24-21 Homecoming win over St. John last Friday. The Defensive Player of the Week for Week Two is Hancock's Charles Bolden who tallied 14 tackles and forced a fumble in their 14-10 win over the Biloxi Indians.

Lady Tigers, OLA's Crescents win in h.s. volleyball action

BY JOSEPH W. GEX II
Staff Writer

The Bay High Lady Tigers swept the Lady Admirals of Gulfport in high school volleyball action Tuesday at the Wilmer Seymour Gymnasium 2-0 with scores of 15-13 and 15-0.

In the first game, the Lady Tigers came from behind twice to take the game scoring the final four points. In the second game, the Lady Tigers found their groove and jumped out to a 10-0 lead before Gulfport broke the serve. Megan Corr ended the game with an ace serve while Lindsey

Trotter led the LadyTigers with 11 points.

Lady Tiger head coach Liz Bosarge stated, "We were slow getting started but I am proud of the players for not giving up. We have been working on our consistency and reducing errors on the court."

The LadyTigers will travel on Thursday, September 11 to take on the Biloxi Lady Indians before returning home for a match against the Our Lady Academy Crescents on Tuesday, September 16.

Our Lady Academy defeated Pope John Paul 15-10 and 17-15 Tuesday night.

Lauren Renz had seven points and six kills for the Crescents. Rachel Cranford had six points and 17 assists, Sarah Ioiacano had five points and three kills, Kaylee Schmitt had five kills, and Rachel Cuevas had four points and three kills. OLA is 12-5 on the season.

In junior varsity action, OLA won 15-3 and 15-2. Katherine Guichet had 13 points and three kills, Lakasia Duckworth had five points and Lindsay Benvenuti had three kills for the junior Crescents.

OLA will host Chalmette tonight at 5 p.m.

The Temptations appear at Casino Magic BSL

Chaka Khan, Debbie Reynolds also on tap for upcoming performances

THE SEA COAST ECHO
Casino Magic in Bay St. Louis is proud to welcome the "standard-bearers for breathtaking harmonies," The Temptations, September 13 at 9 p.m. Tickets are \$19.95, \$24.95 and \$29.95 and can be purchased at the Casino Magic Box Office, by calling 1-800-5-MAGIC-5 or at any Ticketmaster location.

With a string of hits including: "The Way You Do The Things You Do," "My Girl," "Get Ready," "Ain't Too Proud to Beg," "You're My Everything," "I'm Gonna Make You Love Me" and "I Can't Get Next to You," no other 60's pop group could top them.

These hits and many more were first performed in the early 60's by Otis Williams, David Ruffin, Eddie Kendricks, Melvin Franklin and Paul Williams. They are still lovingly executed today by Otis and their heirs-in-music: Ron Tyson (first tenor), Theo Peoples (baritone), and Harry McGilberry (bass). It proves those men are gone, but in no way forgotten - not by a grateful public or by the men who now carry the legacy forward into the next generation.

The Temptations started out in those Motown bus tours called The Motor Town revues. They crisscrossed the country and the crowds became larger.

Today the group still tours, performing at over 100 venues a year.

"We just never stop," Williams says, "because I think we've become like a piece of Americana. People want to see us." What they are seeing these days is a group that reminds Williams "more of what the first group of men were like" than any other lineup.

"This group has the talent, determination and brotherhood that will take us forward, give our fans what they come to hear and keep us on our toes doing that Temptations Walk into the year 2004," says Williams.

Don't miss The Temptations in their one performance at Casino Magic Bay St. Louis, Saturday September 13! Must be 21 to attend.

CHAKA KHAN HEATS UP BAY MAGIC

Grammy-award winning R&B diva Chaka Khan is set to perform at Casino Magic in Bay St. Louis Friday, September 19th at 9 p.m. Tickets may be purchased for \$19.95, \$24.95 and \$29.95 through the Casino Magic Box Office, by calling 1-800-5-MAGIC-5 or through any Ticketmaster Outlet.

After 30 years in the business, Khan is still wowing audiences with her genre blending sound and amazing stage presence. Her hits include: "I Feel for

You" "Sweet Thing," "Tell Me Something Good," "I'm Every Woman," "Everlasting Love," "Do You Love What You Feel," "Through the Fire," "Ain't Nobody" and a duet with Bruce Hornsby on "Higher Love." True "Chakaholics" may even remember her voice on the original theme song to "Reading Rainbow".

Khan began her singing career with the band Rufus in 1971 and graduated to a solo artist in 1978. Since then, she has recorded 24 albums, appeared on 15 movie soundtracks and received nine Grammy Awards and one American Music Award. VH1 recently ranked Khan seventeenth in their "100 Greatest Women of Rock & Roll" special and she is credited with influencing countless other artists with her unique sound.

Don't miss the soulful sounds of Chaka Khan Friday September 19th at Casino Magic Bay St. Louis! Must be 21 to attend.

DEBBIE REYNOLDS RETURNS TO THE BAY

Stage and screen legend Debbie Reynolds returns to Casino Magic Bay St. Louis September 26th and 27th. Reynolds, a star of more than thirty motion pictures, two Broadway shows, two series as well as dozens of television appearances, is once again making her way to the Mississippi Gulf Coast to share her

renowned talent.

Reynolds performs Friday and Saturday, September 26th and 27th at 9 p.m. in the Casino Magic Entertainment Complex. Tickets will be on sale beginning August 21st for \$14.95, \$19.95 and \$24.95 at the Casino Magic Box Office, by calling 1-800-5-MAGIC-5 or through any Ticketmaster outlet.

Perhaps Reynolds is best known for her acting career, starting in "How the West Was Won," "Singing in the Rain," "Tammy and the Bachelor," "Goodbye Charlie," and more. Her recordings of "Abba Dabba Honeymoon" (from "Two Weeks With Love") and "Tammy" both sold more than a million copies. In the mid-1960's, Reynolds put together her first nightclub act, which debuted at the Riviera Hotel in Las Vegas. In the years since, she has been a headliner on the casino circuit and has appeared in concert in every major American city - touring an average of 42 weeks a year.

Since the late 60's, she has also been actively involved in a project close to her heart, the collection and preservation of memorabilia from Hollywood's first half-century of film making.

Reynolds has aided in the gathering of thousands of costumes, props and mementos of Hollywood's

studios and their greatest stars.

Don't miss Debbie Reynolds in her two Casino Magic Bay St. Louis performances September 26th and 27th!

Must be 21.

Celebrate 'A Centennial of Flight' at Diamondhead

**BY BENNIE
SHALLBETTER
Staff Writer**

On Dec. 17, the world of aviation will celebrate its first 100 years and the anniversary of the first flight of Orville Wright in 1903.

Locally, the Diamondhead Airport in conjunction with Experimental Aircraft Association (EAA) Chapter 479 has planned a two day celebration of the event on Sept. 20-21.

The event will feature multiple displays in a show that will include exhibits of many aircraft ranging from antique civilian planes to warbirds, from both past and present.

Organizers hope to make the event an annual occurrence. Right now, organizers are looking for help of all kinds to make the event a success. Of course, sponsors are needed and several levels of sponsorship are available, with perks ranging from airplane rides to golf

games. Individual donations are also welcomed. Call John Hall at 228-255-6111 or Charlie Hense at 228-255-6146 for more information. If you are interested in displaying your airplane at the show call Mario Feola at 228-255-7011.

The centennial celebration will also feature arts and crafts and exhibit booths available at low cost, say organizers. For more information on vendor booths call Charles or John at 228-255-000.

Time -- a look back

Continued from Page 1B

FORTY YEARS AGO

September 5, 1963 - The Bay-Waveland Yacht Club won the coveted Sir Thomas Lipton Challenge Cup, most important trophy of the Gulf Yachting Association in a regatta at Southern Yacht Club over Labor Day weekend. With competition from the top skippers of 13 yacht clubs from New Orleans to St. Petersburg, Fla., the local skippers, Chuck Breath, Bill Reeves, Harry Chapman, and Don Chamberlin carried off the prize in what was perhaps the most hotly contested Lipton series in the 44-year history of the contest.

-The new Tiger stadium will be christened Friday night when Bay High School girders take on highly rated Stone High of Wiggins in their first game of the new football stadium that may well decide the Gulf Coast Conference championship. Dedication ceremonies are planned at half-time with Mayor John Scafide of Bay St. Louis as speaker.

Superintendent Joe D. McCullough of the Bay St. Louis Separate Municipal School District said school trustees and all those responsible for the stadium will be recognized. In prior years the Bay High Tigers played their home games in the St. Stanislaus Rockachaw stadium in Bay St. Louis.

FIFTY YEARS AGO

September 4, 1953 - Months of worry ... a pitiful dribble of letters ... and then a burst of joy and relief - that's the story of Nal Camerons of Kiln today. Their son, Hayward, for three years a prisoner of war in Korea, is on his way home. Hayward, 32, a first lieutenant in the engineers, was captured in 1950. He had re-enlisted in the army after graduating from the University of Alabama.

Advertisement-Dance every Friday and Saturday at The Cowshed, Kiln, MS. Music Friday by Country Playboys. Music Saturday by Lazy River Boys. 9 p.m.

Until

SIXTY YEARS AGO

September 10, 1943 - Mrs. Eugene Mogabgab, president of the Central School PTA called a meeting of the executive committee at her house on Thursday of last week to complete plans for the work of the PTA for the year. There were present Mesdames C.C. McDonald, Albert Biehl, Charles Flink, H. Grady Perkins, H.B. Weston, Leo Seal, J.E. Erwin, F.J. Nelson, and Dr. Florence Jennings, director extended school programs.

ONE HUNDRED-TEN YEARS AGO

September 2, 1893 - Bay St. Louis is on the move nor can the hard times hold down her steady growth. She is bound to get there and if some of her sister resorts don't look out the Bay will be the banner town of the sea coast. For a spirit of progress and go-ahead-iveness the mayor and board of aldermen are as wide-awake as any set of men that ever governed a town. Not satisfied with a public school building, they are looking out every day for some other move to benefit the city.

ADOPT-A-PET

Please be a responsible pet owner - spay or neuter your pets. Remember to give your pets plenty of water and a shelter to keep cool during the hot summer months and please don't leave your pets unattended in your vehicle. But most of all, give your pets lots of love and attention. After all, it is a small price to pay for all that they give you.

These pets are sponsored by the following establishments which encourage you to adopt a pet today. These pets are available for adoption at the Waveland Animal Shelter, 322 Gulfside Street, 467-0230.
